IBDP Qualified Teacher | Examiner | MSc Applied Geophysics

I'm a teacher with a youthful spirit, known for being friendly and approachable. I bring a wealth of experience in working with students from various cultural and ethnic backgrounds, and I truly appreciate the richness that diversity adds to the learning experience. My expertise spans across different educational levels, encompassing the IB, IGCSE, A-level, German Abitur, and Swiss/Austrian Matura systems, with a strong focus on Mathematics.

Teaches: Maths Physics MYP

Curriculum: IB A-Level GCSE IGCSE

Qualifications

International Baccalaureate: Qualified Online Teacher (Maths AA/AI Higher/Standard Level)

A-Level: Qualified Online Teacher (Mathematics)

GCSE/IGCSE: Qualified Online Teacher (Mathematics)

Degree Qualifications: Master of Sciences in Applied Geophysics and Bachelor of Science in Physics

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I have 15 years of experience as a Mathematics educator at Schule Schloss Salem, a prestigious international boarding school in southern Germany.

I specialized in teaching Pre-IB/IB Maths for grades 9 to 12 and initiated Maths Support Groups to help students of all skill levels. I also provided private tutoring in English and German.

Later, I taught IB MYP Maths for grades 7 and 8, along with IB DP AI SL Maths for grade 11 at the Bavarian International School near Munich.

My teaching philosophy focuses on inspiring students and making Math engaging. I stress active student participation and the practical application of Math in the real world, drawing from my aerospace industry background. I tailor my teaching to accommodate diverse student abilities and learning styles, emphasizing independent learning and a collaborative environment.

In addition, I have a strong academic background, including 9 'O' Levels with commendable grades from Bromsgrove School, and 5 'A' Levels, including Further Maths, from South Bromsgrove High School. I earned a B.Sc. Hons. in Physics with a 2.1 classification at the University of Birmingham and pursued a master's in Applied Geophysics there.

Tutoring Approach

I believe in the "I can" approach and want to share it with my students. I think that if you work hard, stay determined, and never give up, you can achieve anything.

I also believe that keeping things simple helps understand complex ideas, so I'll always explain math concepts in an easy-to-understand way. I'm excited to meet you and help you succeed in Maths and Physics. My main goal is to guide and support you on your journey to becoming better at these subjects. We'll build on the "I can" mindset together, giving you the confidence and skills to tackle math challenges.

I'm dedicated to helping you grow in your abilities, and I believe that with the right attitude and persistence, there are no limits to what you can achieve.

Testimonials

"It was an honour to have you as a Maths teacher and I want to thank you for everything you taught me"

YC, IB MYP student ★★★★★

"I will always have fond memories of Maths lessons with you. Thank you so much for your support!"

JD, previous Pre-IB student ★★★★★

"Not only is his knowledge in Mathematics profound, but he is also extremely good at explaining concepts to students who are having difficulty grasping them"

IA, previous Pre-IB Grade 10 student ★★★★★

"Paul is incredibly knowledgeable and has a wonderful way of teaching. Not only does he make the class interesting, he sets up the classes in a very clever way to keep the student on task, engaged and excited to learn. He is also extremely patient and very helpful with learning issues. I rate him at the top of his field. You will not be disappointed. A kind, creative and clever tutor"

Jacqueline, Parent ★★★★★

"Paul was instrumental in helping me increase my scores. Through his calm and methodical way of teaching, and his detailed explanations, he made sure that I was not left confused. As well as always checking if I had any doubts, most helpful were the worksheets he made for me from a multitude of past papers, helping me practice between classes and boost my confidence in the subject"

Zubin, Student ★★★★★

"Going into IB DP mathematics was definitely a challenge, but with the help of Mr. Chodak, I was able to confidently understand the concepts and become test ready. Very friendly and effective, especially when I needed it the most"
