### Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. They have extensive tutoring experience with a track record of success, helping students achieve their academic goals.

## Tutoring Experience

As a dedicated educator with a strong background in physics and mathematics, my priority is delivering customised learning to foster student achievement.

With over 6 years of teaching and tutoring across diverse educational environments, I've refined my skills in assisting students not only in grasping physics and maths concepts but also in navigating exam preparation, university applications, and prestigious competitions like the British Physics Olympiad.

Additionally, I provide guidance for entrance exams at esteemed institutions such as Oxford and Cambridge, ensuring comprehensive support for students' academic journey.

## Tutoring Approach

In my tutoring, I focus on engaging and enriching students. I build on their existing knowledge, addressing any misconceptions.

Connecting theory to real life, I aim to make learning enjoyable and relevant.

I create a dynamic, interactive environment that sparks curiosity and passion. With personalised instruction, I aim to instil confidence and skills for academic and lifelong success.
